CORE COMPETENCIES

- Facilities maintenance & site support
- Janitorial & industrial cleaning
- Grounds maintenance & landscaping
- Paving, sealcoating & exterior services
- Commercial HVAC & mechanical repair
- Industrial & MRO supply
- Fuel & petroleum supply
- Freight & logistics coordination
- Security hardware & access control
- Quote & contract administration

HOW WE DELIVER

- **Prime contractor model.** Northbridge holds the contract and performs through vetted subcontractors selected for proximity to the place of performance. The Government gets local execution with a single accountable prime.
- **One point of accountability.** We handle sourcing, pricing, compliance, invoicing and closeout. The contracting office deals with one company, not a chain of vendors.
- **Compliance built in, not bolted on.** Service Contract Act wage determinations, limitations on subcontracting, and agency-specific invoicing requirements are written into every subcontract before award.
- **Built for short-fuse requirements.** We source, price and submit inside compressed timelines, including requirements posted with limited response windows.
- **Owner-level attention.** Every requirement is handled directly by the owner. No account layers, no handoffs.
